Begin ribbing as follows:

Row 1: K2, P2, repeat to end of row.

Row 2: P2, K2, repeat to end of row.

Repeat rows 1 and 2 until you run out of yarn or the desired length is reached. Bind off, weave in ends.

Fringe: Cut 30 strips of Sari Ribbon yarn, 26 inches long. Add one strip of fringe at each 2 stitch section.

Tips for working with Recycled Silk yarn:

- It is easier to work from a hand rolled ball
- As soon as you can, weave in your cast-on tail to keep it from catching on your working yarn.
- If your yarn is over-twisted, letting out some of the twist will make it easier to work with and maximize your yardage. The easiest way to do this is by putting a rubber band around your ball and dangling it (or your knitting, whichever is smaller at the time) allowing it to turn and untwist the working yarn.
